Honoring those who will never be forgotten.

To the veterans and their families that we serve...

Thank you for requesting information from Veterans Funeral Care. We are the first full service funeral home in America built to serve the veteran and military community. Founded in the Tampa Bay area of Florida, we have grown throughout the country by aligning ourselves with some of the country's finest funeral homes. Many are owned or managed by a veteran or are the children of a veteran. All have undergone extensive training to participate and maintain their affiliation with us. The American Legion, Department of Indiana, endorses us.

The staff of these firms are trained and licensed to assist with every detail of making cremation and funeral arrangements. All of them apply for all veteran's benefits available for you. Additionally, they will notify Social Security and apply for life insurance and arrange military honors.

We promote the use of veteran's cemeteries. Remember, it is an honor to be buried in a National Cemetery! All honorably discharged veterans, their spouses and dependent children are entitled to free grave space, cemetery marker and burial vaults at any National Cemetery. They are all owned by the American people for the exclusive use by veterans. This benefit saves your family over \$12,000 dollars.

The most caring thing you can do for your family is to plan in advance. This eliminates any confusion about your wishes. You have provided peace of mind for your family. One call to your Veterans Funeral Care provider funeral home when you need us is all that is necessary!

If you wish, you may pre-pay your arrangements and the costs are frozen forever. We hope the enclosed information will answer any questions you have regarding the various cremation or burial options available through Veterans Funeral Care.

We are focused on providing caring, compassionate service to our client families. As a veteran, you deserve the very best.

Sincerely,

Jim Rudolph, President
